

Index

1. Break Test on Squirrel Cage Induction Motor
2. No –Load and Blocked Rotor test on Three phase Squirrel cage Induction Motor
3. Slip Test on Salient Pole Synchronous Machine
4. Induction Machine as Generator and Motor.
5. No –Load and Blocked Rotor test on Single phase Squirrel cage Induction Motor
6. Voltage Regulation of Alternator (EMF, MMMF, Potier Methods)
7. Brake Test on Three phase Squirrel cage Induction Motor
8. No –Load and Blocked Rotor test on Three phase Slip Ring Induction Motor
9. Brake Test on Pole Changing Induction Motor
10. V Curves of a Synchronous Machine
11. Induction Machine as Motor and Generator
12. Study of Starting of Induction Machine using Star Delta Starter
13. Voltage Regulation of Alternator using Direct Loading
14. Load Test on Three phase Slip Ring Induction Motor
